ROTOTALK SPECIAL....

*to cherish the new
global spirit of
ARMO 2025....*

EDITORIAL COMMENT

Leaving its mark on the emerging new world of Indian & Asian Rotomoulding has been the global ARMO 2025 Conference and Trade Show which realised the conference Theme of COLLABORATE INNOVATE ROTATE. The Third ARMO Conference to be hosted by StAR by a long way turned out to be the biggest and the best - 247 Attendees, 32 Exhibitors, and 20 Sponsors.

Principal Sponsor award being
received by Matrix Polymers team

DEAR READER

Recent times the times had been a changing for the Indian and global rotomoulding industries... not what we know about progress and transformation, but that of COVID times, resilience times, resurgence times and so on; ARMO2025 simply occupied a critical time for both the Indian and global industries to run its course in Delhi, India through three engaging and exciting days this February, 12 to 14. It was the high numbers of participants both attendees and exhibitors which were unprecedented along with the quality & content of the event that have left so many talking points and take ways through all the events of the conference. Good value is what the conference stood out for whether they were the seminars the conference presentations and of course the scintillating Trade Show. The evening entertainment events were found captivating by the audiences and they could not have asked for more when it came to networking opportunities.

Feedback received attested to a high level of satisfaction to make it really memorable to attend.

StAR President

GRAND GATHERING OF GLOBAL ROTOMOULDING MINDS!

Global & gleeful participation

AND THAT'S A WRAP ON ARMO 2025!

The **biggest event** in recent times in the rotomoulding industry **brought together experts, innovators, and businesses from across the world** for an unforgettable experience. Held at The Leela Ambience Convention Hotel in Delhi, India, a spectacular venue, ARMO 2025 was more than just an industry conference—it was a **celebration of technology, collaboration, and the future of rotational moulding**.

A HUB OF KNOWLEDGE AND INNOVATION

ARMO 2025 set the stage for the future of rotational moulding with a power-packed agenda. **247 Attendees** had the opportunity to engage in thought-provoking presentations, highly interactive seminars, and a hands-on trade show that showcased the latest advancements in materials, processes, and applications.

Industry leaders shared valuable insights on:

- Sustainable rotomoulding practices and how the industry is evolving towards eco-friendly solutions.
- New material innovations, including high-performance polymers and composites that enhance durability and efficiency.
- Advanced moulding techniques that improve product quality and reduce production time.
- Automation and digitalisation in rotomoulding, shaping the future of manufacturing.

One of the highlights of the event was the quality of presentations, where leading experts discussed strategies to drive innovation, optimise production, and enhance product design.

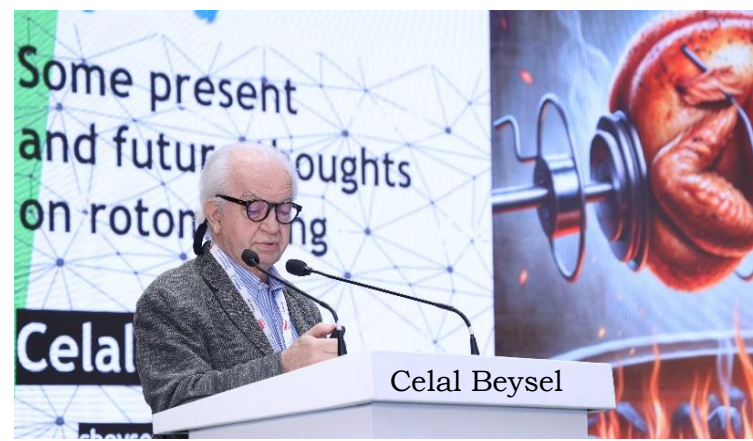

DYNAMIC DISCUSSIONS

ARMO 2025 featured highly participative Seminars, bringing together manufacturers, suppliers, and industry visionaries to debate the most pressing challenges and opportunities in rotomoulding.

These discussions covered a wide range of topics, including:

- The future of rotomoulding in a changing global economy.
- Sustainability challenges and the role of recycled materials in manufacturing.
- Market trends and business growth strategies for the rotomoulding sector.
- Emerging applications of rotational moulding in industry

The presentations provided a rare opportunity for open dialogue, allowing attendees to ask questions, share their perspectives, and gain fresh insights from some of the most experienced minds in the field.

ARMO 2025 TRADE SHOW EXHIBITORS

COMPANY	COUNTRY

THE SPECTACULAR ROTO TRADE SHOW

The Roto Trade Show at ARMO 2025 was a major attraction, featuring an impressive line-up of **32 Exhibitors**, both Indian and International companies showcasing cutting-edge technologies, machinery, and raw materials. Exhibitors presented their latest products and solutions, giving attendees a first-hand look at innovations that are shaping the industry.

The trade show floor was a bustling marketplace of ideas and opportunities. It was a golden chance for networking, with business deals being made, partnerships formed, and knowledge exchanged between industry leaders.

FACTFILE

12TH FEB HALF DAY SEMINARS

- DESIGN IS NOT ONLY FORM BUT ALSO CONTENT
- WHY WE SHOULD EMBRACE NEW TECHNOLOGIES
- ROTO MATERIALS – WHAT SHOULD YOU KNOW ABOUT THEM
- THE SEVEN STAGES OF ROTATIONAL MOULDING

12TH FEB NETWORKING EVENING

The beautiful Club Lawn of the hotel was the open air venue of the great session of networking to the accompaniment of live light Indian instrumental music. Supplier sponsors and StAR President welcomed guests as the soft lilting music set the mood as old friends caught up with each other and others made new friends and acquaintances Food & Drinks appropriate for the occasion kept the large gathering in good spirits.

MORE THAN JUST AN INDUSTRY EVENT

Beyond the technical sessions and trade exhibits, ARMO 2025 was a celebration of collaboration, learning, and progress. The event provided a vibrant platform for networking, knowledge-sharing, and industry growth. Attendees had the chance to connect with global peers, exchange ideas, and build lasting relationships that will drive the future of rotomoulding.

The energy, enthusiasm, and innovation displayed at ARMO 2025 left a lasting impression on all participants. As the event came to a close, the excitement for the future of rotomoulding was at an all-time high.
